YARD AND DECK

Please remember to maintain your yards and decks. This includes mowing and weed whacking, picking up items that are not allowed outside, and repairing decks as needed.

PET POLICY

We would like to remind everyone of our pet policy that is a part of your lease agreement.

No person is permitted to maintain a Pet in the Home unless the Pet is properly registered with the Manager. Failure by the Lessee to comply with all Pet terms and conditions and registration requirements herein is a breach of the Lease.

The term "Pet" is defined as any domesticated, non-exotic animal not completely confined to an aquarium or small cage. Examples of animals not required to be registered include, but are not limited to, fish, hamsters, guinea pigs and gerbils.

Any exotic or farm animals are not permitted on property without written permission from management. Feel free to ask any questions you may have, we are happy to help.
